PRICE, \$1.50 A YEAR

## NEWS LETTER FROM STATE DEPARTMENTS

Secretary of State Clarence J. Brown is back again in his office after a two weeks vacation spent upon the Great Lakes, leaving from Ashtabula Harbor and going through to Duluth. He was accompanied by Mrs. Brown and Deputy Commissioner of Motor Vehicles and Mrs. Edward T. Fogo, the latter couple being on a honeymoon. Secretary Brown is busy supervising the completion of a number of statistical reports which with the state and federal roster will be issued in the very near future.

The Boden law passed by the last legislature becomes effective July 21. It increases legal speed by autos of 45 miles per hour outside of corporations, 35 miles in residential districts and 20 miles in congested districts. The measure also provides that no person shall operate a motor vehicle upon the public roads and highways at a speed greater or less than is reasonable or proper, having due regard to the traffic, surface and width of the road or highway and of any other conditions then existing and shall not drive at a greater speed than will permit him to bring the vehicle to a stop with the assured clear distance ahead.

Mrs. Lucia Johnson Bing of Athens has assumed the position of superintendent of charities of the Department of Public Welfare, succeeding Miss Bell Grove of Cleveland. The latter will leave shortly for a three months trip abroad. Mrs. Bing has experience in social welfare training and experience in Boston, leaving there in 1913 for Cleveland where she was engaged in child welfare work. During the World War Mrs. Bing was located in the State House, serving as executive secretary of the women's committee of the Ohio council of National Defense.

State Librarian George Elliott McCormick states that the traveling libraries, inter-library loan and direct-mail service of his department is being liberally used and evidences unusual interest in the State Library. The traveling libraries are furnished upon request to groups of individuals, clubs, granges, societies of various kinds and small communities. They are also sent to supplement local libraries in case of need. Librarian McCormick states that the traveling library has nearly 119,000 books and served 285,000 persons the past year.

There has been a very noticeable increase in smallpox in the Buckeye State the first six months of the year as compared with that of 1928, according to the statement of Director Charles A. Neal of the Department of Health. There were nearly 1,300 cases up to July first this year, compared with 128 for all of last year. The largest number of cases occurred in May when 311 were reported. In Cuba, where they have compulsory vaccination, there has not been a case of smallpox for more than three years.

Warden Preston E. Thomas gave his 4,650 "boarders" a treat on July Fourth, when he served them with a roast pork dinner, bread dressing, candied sweet potatoes, brown gravy, creamed peas, pear pie, bread, ice water and lemonade. There was a period of liberty on the yard in the morning and a ball game in the afternoon with a special program of entertainment in the chapel. The prisoners truly appreciated the Warden's thoughtfulness in permitting them to enjoy the great National Holiday.

## Mrs. Riley J. Kyle Died in California

Word has been received of the death of Mrs. Mary Kyle, 57, wife of J. Riley Kyle, former Xenia, which occurred at her home in Los Angeles, Calif., Monday, July 1.

Mrs. Kyle had been afflicted with rheumatism for a number of years. Her husband was at one time a member of the firm of Kyle and Tate, Xenia jewelers. They left here about twenty years ago, first going to Mansfield, Ohio, and then to California to make their home.

Mrs. Kyle, who was before marriage, Miss Mary Kyle, was the daughter of the Rev. Joshua Kyle of Amsterdam, N. Y. She and her husband were cousins.

The decedent is survived by her husband and three daughters and also leaves a number of relatives in Greene County. Mr. Kyle is a brother of Mrs. C. E. Cooley. Funeral services were held and burial took place at Los Angeles.

Manganese is needed by greenhouse tomato plants, which will suffer from the lack of it.

## COURT NEWS

**HALL GETS DIVORCE**  
Walter Hall has been granted a divorce from Mildred Davis Hall in Common Pleas Court on grounds of wilful absence from home for more than three years.

**ORDER RE-APPRAISAL**  
In the case of Harry D. Smith, as administrator of the estate of Anna L. Harbour, deceased against Charles C. Swindler, and others in Probate Court, the court appointed A. W. Trease, H. S. LeSourd and S. M. McKay to re-appraise property belonging to the estate. It was originally appraised at \$1,850 but no bids were received at a public sale.

**PRIVATE SALE AUTHORIZED**  
Private sale of personal property belonging to the estate of Ella Bevan, deceased, has been authorized in Probate Court.

Alleging wilful absence from home for more than three years, John Holt has brought suit for divorce from Katherine Holt in Common Pleas Court. The couple was married December 31, 1922. No children were born of the marriage.

**RULING ON MOTION**  
In the separate suits of Opal Bowes and Philip Frolikin against The Cleveland, Cincinnati, Chicago and St. Railway Co. in Common Pleas Court, motion of the defendant to require the petitioners to strike from their petitions certain allegations and to make them more definite and certain, has been sustained in part and overruled in part by the court.

**DIVORCE GRANTED**  
Harry Beller has been awarded a divorce from Alma Beller in Common Pleas Court on grounds of extreme cruelty.

**CASE REINSTATED**  
On application of the defendant, the case of Harry Hamilton against Carrie Hamilton has been ordered reinstated on the docket in Common Pleas Court.

**ESTATES APPRAISED**  
Gross value of the estate of John C. Duncan, deceased, is estimated in Probate Court at \$1,882. Debts and the cost of administration are estimated at \$1,000, leaving a net value of \$882. Estate of Sophia Grain, deceased, has an estimated gross value of \$500. Debts and the cost of administration total \$1,125, leaving the estate without net value.

**CRUELTY CHARGED**  
On grounds of extreme cruelty, Charles Fleming has been granted a divorce from Mabel Fleming in Common Pleas Court, the suit coming to the attention of the court on an application filed by the defendant for a rehearing of the case on its merits. They have no children living.

Household goods possessed jointly by the plaintiff and defendant were awarded to the defendant on the condition she pays the unpaid balance due on the goods; otherwise they are awarded to the plaintiff. The court ruled the defendant must make up her mind whether to abide by this decision by July 8.

**ORDER PRIVATE SALE**  
Private sale of real estate has been ordered in the case of C. W. Whitmer, as administrator of the estate of Alfred Bowen, deceased, against Lizzie Bowen and others in Probate Court. The court approved appraisal of the property made by W. S. Rogers, William Shields and William Ward.

**DAMAGE SUIT**  
A \$10,125 personal injury suit has been filed in common pleas court against Robert Seeman, of Milwaukee, Ind., former Antioch college student, by George H. Baker, 78 years old, Rivling street, based on permanent injuries Baker claims to have received in an auto collision at Detroit and Church streets, June 26.

Baker, who is confined in Espey hospital with a broken collar bone a cut above the right eye and multiple body bruises, asserts he was driving south on Detroit street and that when he reached the intersection he held out his left hand, indicating he was about to make a left turn onto Church street. He charges that as he made the turn Seeman's auto crashed into his car, dragging it 35 feet and pushing it against a pole.

Baker seeks to recover \$10,000 for injuries sustained, \$125, the value of his car, which was demolished, and hospital expenses and doctor bills.

**GUILTY PLEA**  
Entering a guilty plea to a charge of possessing liquor, Carl Duncan, living on the Trebels and Byron Road, three miles north of Trebels, was fined \$100 and costs by Probate Judge S. C. Wright, Tuesday. He paid the assessment.

He was arrested Monday night by county authorities, who reported they confiscated a large quantity of home brew and dandelion wine, part of which was found hidden in the weeds and part in the attic.

## Rail Birds

## PEA FIELD SOWN IN SECOND CROP

Lima beans and soy beans have been sown in a 35-acre field belonging to Sherman Thompson, north of Urbana, which grew a crop of peas this year. The Lima beans are to be canned by the cannery at Urbana while the soy beans will be harvested for hay.

According to the plans, two crops will be taken from the field this season thus doubling the productivity of the field. About 30 tons of peas were taken from the 35 acres. They were worth \$30 per ton.

Mr. Thompson stated that a good crop of peas was expected. He also is growing several acres of tomatoes on his farm which will be canned. The vines of the peas are stacked in the barnyard much like a straw stack. In the winter it is used for feed, taking the place of silage. The top of the stack, which molds and seals the remainder of the vines, is thrown away when the feed is ready for use. The feed is preserved much the same as though it was put in a silo. Mr. Thompson estimated that there is close to 400 tons of pea vines in the one stack.

## Y. S. Editor Gets Insurance Refund

One of the pleasures of the recent installation of waterworks in Yellow Springs has been the marked reductions in insurance rates. While the plant is less than a year old additional homes are being daily connected with the system which is now on a paying basis. Editor J. N. Wolford was in town last Friday evening and exhibited a check he had received from an insurance company refunding part of his insurance premium. The company voluntarily refunded nearly one third of the original premium. It is said the average for the general run of property in Yellow Springs was about twenty-five per cent. Citizens are not only well pleased with the waterworks system but point with much pride to the low insurance rates now in force.

## Engine Head Blows At Paper Plant

The head of the 200 h. p. engine in the engine room of the Hagar Straw Board & Paper Company blew out about nine o'clock Monday evening. Engineer Flora had just left the room a few minutes previous. Outside the damage to the engine there was no other loss. The breakdown closed the mill until repairs can be made but employees have been busy cleaning the plant and repainting the interior, greatly improving the appearance of the plant. No time has been set when the mill will be in full operation.

## Junior Town Circus Recalls Old Times

Tuesday evening residents were treated to a juniortown circus parade that had its start on Cedar street where a number of youngsters staged a circus. In the parade was a saddled goat, pony and cart and a variety of other animals from the sidewalk. The young folks not only had a good time at the circus but the parade brought back pleasant memories to older citizens of the years of long ago.

## Sell 650 Hogs At South Charleston

Hog feeders who were in the market for feeding shoats, had their desires satisfied at the South Charleston Combination Sale last Wednesday afternoon as 650 head of the animals were sold to the highest bidder. Despite the large number for sale, the prices of the hogs fell but little below the averages for the previous two weeks, many buyers thought.

N. M. Murray, of South Charleston, who operates a farm near Clifton, secured one of the finest lots of shoats ever offered at the sale. G. M. Chase, manager, stated. There were 90 head of shoats in the lot which weighed between 70 and 80 pounds per head. They were crossed of White and Black and sold at \$10.85 per head.

In addition to the large number of hogs, 125 head of cattle and 150 head of sheep were sold making the total of the sale \$13,000. It was the largest sale held at the barns for several weeks.

## Wheat Being Cut When Dead Ripe

Farmers that have been held up by recent rains in wheat harvest have been forced to cut their wheat this week after it was dead ripe. The wet weather has hindered hay harvest as well and many fields of corn have now reached the stage where it is impossible to plow. It is expected that one of the best wheat crops in recent years will be threshed just as soon as weather permits.

## Ex-Petit Jurors Hold Picnic At Grinnel's

Forty persons who had served on the Greene county petit jury this past term enjoyed a picnic at Grinnel Park. A feature of the gathering was a burlesque on impaneling of a jury. The affair was in the hands of Mrs. Edith Blair of this place, Archie Gordon of Jamestown and M. J. Bebb, Xenia.

## Says Cedarville Should Have Waterworks

George A. Shroades is one of the strongest supporters of waterworks for the town that we have met. He has no apology to offer and many good reasons for it. He believes that if we want the town to continue to grow and prosper we must get in line with other progressive towns. He says there are so many good reasons for such a system and none why we should not. His best reasons for waterworks are that modern conveniences in the homes will be possible to all and our exceedingly high insurance rates will be reduced which will mean a saving to every property owner.

## NEW WATERWORKS

Mechanicsburg is to have a waterworks system. Drillers put down a 10 inch well to the depth of 78 feet and struck a stream that stood 36 hours of pumping which failed to lower the supply. Mechanicsburg should see our pump station and follow the example of South Charleston. No coal, no dirt, nobody at the station, as it is all electrified and takes care of itself. —S. C. Sentinel.

"Educationally, forum-hounds are self-made gentlemen with a profound admiration for their makers." —Alfred Artyon Gross.

## MANY ARE AFTER BURTON'S JOB

Senator Burton is serving the short term in the United States Senate and his time expires in 1932. While his present health is good he has reached an advanced age and politicians feel he cannot hope to make another campaign.

Three years is a long time away in politics but those who follow the game live in hope that fortune will turn their way. It is not denied but that Governor Cooper is cutting his cloth for a fling at the Senatorship following his second term as governor, which he of

"Uncle Charley" Brand of this district wants a seat in the upperhouse and always has new press matter as to what he is going to do for the "dear people" in his district. Charley is never without an idea but he has had much trouble getting congress to adopt any of them. He has secured about as little legislation of merit as any member of that body. At present he is operating under a great handicap all as a result of his colossal blunder when he attacked Hoover previous to the last presidential primary. With Cooper a good angel among politicians "Uncle Charley" will have to produce more than talk and press notices.

Postmaster General Walter Brown of Toledo is mentioned as more than a possibility and Walter holds the strings on appointments that change many a man's mind if he is looking for patronage. The friendship that exists between Brown and Brand is about like that of a pup and a flea. Job holders will have no trouble in making up their mind with Walter in the contest.

Three years means that Brand must come again for his seat in Congress, a fourth term, or drop out. It is known that fires are now being built under Brand's political structure. Cooper appointees are not boosting the Congressman for a fourth term. Federal patronage will not be entirely at his disposal and even members of the "third Ohio legislative house," known as the lobby, are throwing cold water on any kind of a political aspiration Brand may have. The lobby has a friend in Ex-Senator (1) Marshall of this county, and some work is being done in his behalf for Brand's place.

The candidate that is most likely to start as a pole horse in the congressional race is Probate Judge Harry Gram of Springfield who stands ace high with the party sponsors in Clark county. More than that he is reported to be in good standing with the Cooper administration and in Washington. Patronage has a lot to do towards lining up support when the time is passed out.

The automobile clubs in this district will again have their inning should D. Pemberton's choice for congress enter. The bad taste of the late lamented Marshall bill campaign will bring up old issues. Motor car owners did a good job in the referendum election on that bill and probably can be depended upon to go the limit once more.

## VALUE ESTATE

Estate of Sallie B. Harris, deceased, has a gross value of \$241.79, according to an estimate filed in Probate Court. Debts and the cost of administration equal this amount, leaving the estate without net value.

Raspberry plants wilt when the soil is either too dry or too wet.

## New Traffic Lights Ready For Use

The new traffic lights have arrived and Hornick & Co. of Xenia installed them yesterday. The lights are of a different type than those displaced and will no doubt give better satisfaction to the public. Council purchased the first lights on sixty day trial without a cash payment unless satisfactory. The lights could not be depended upon due to faulty construction and the present lamps were purchased on thirty day trial.

## Albert Turner Is Given Dayton Tryout

Albert Turner, left-handed pitcher for the College team, has been in Dayton this week working out for the Dayton Aviators. Mr. Turner is credited with the making of an excellent pitcher and it was through Coach Marvin Bost that he gets an introduction in professional baseball. The Dayton team is owned by the Louisville team in the American Association League.

## 4-H Clubs Are At Antioch Glen

One hundred twenty-four campers were enrolled Monday evening at the annual South West District 4-H Camp at Antioch Glen, Yellow Springs, which will be in session this week. These campers come from 21 counties and consist of 67 girls, 38 boys, 11 chaperons and eight instructors. Definite instruction groups in handwork, camp craft, nature study, recreation, swimming, song leading, Indian lore, vespers and camp fire will be held.

Those attending from Greene County are: Velma Harner, Opal Turner, Mary Linton, Louise Sheridan, Helen Fletcher, Dorothy Anderson, Lois Kennon, Leonard Bootes, James Sheridan, Roger Rogers, Thelma Barth and Donna Sholey. Miss Barth and Miss Sholey are instructors, the former teaching handwork and the latter song leading.

These boys and girls are older club members who have been selected by the various clubs to represent them at the annual 4-H camp which will be held the week of August 19-24.

## Dog Races May Not Start Until Next Week

While reports of the opening of the dog races at Fairfield have varied it is said that wet weather has delayed the opening until some time next week. It had been announced that the track would be completed for opening Saturday night but recent rains have held up the work.

## POULTRY JUDGING SCHOOL

The Sixth Annual Poultry Judging School is to be held at Ohio State University August 12-17. The prime object of the school is to give practical instruction in culling and selecting birds for breeders. Much of the time will be devoted to laboratory work in which birds will be culled, selected, and judged by those attending the school. The work will be done under the direction of well known poultrymen from Ohio and other states who are being secured to take part in the school. In addition, there will be lectures on breeding and other phases of poultry production.

## MOTORIST ARRESTED

Three motorists arrested by L. A. Davis, county road patrolman, for road law violations, were given small fines by Probate Judge S. C. Wright Tuesday and a fourth case was dismissed.

Floyd Elliott was fined \$5 and costs for operating an auto without a tail light and \$1 and costs because the machine bore no distinctive number or registration mark. He pleaded guilty in both cases.

Judge Wright also imposed fines of \$5 and costs each upon Alley Bertram and Ralph Clark, who pleaded guilty to driving cars bearing no distinctive registration marks.

An affidavit charging Kenneth Huston with reckless driving was dismissed by the court.

## FEBRUARY PULLET

Mrs. J. O. Buckley, residing on a farm on the Old Xenia road, southwest of London, reports that she has a Barred Rock pullet, hatched February 17, that has 18 eggs to her credit to date.

The record of this 4-months-old pullet is believed to be one of the best ever recorded in Madison County Press.

After increases of crop area in the United States in 1925, also 1928 and 1929, the acreage in crops is now back nearly to where it was in 1919. It dropped 13 million acres between 1919 and 1924.

## LOCAL BOOSTER COMMITTEE FOR WATERWORKS

Sentiment for a waterworks system for Cedarville is growing daily and there is now much discussion as to the possible benefits. Citizens have awakened to the need of a water system to secure lower insurance rates and at the same time give greater protection to health. Civic pride demands this step that the village keep pace with other progressive towns.

Cedarville has so many outstanding advantages in the way of labor through our industries. With our Main street paved with brick and other streets of the macadam type we have as much to be proud of as any other town of this size in this section of the state. The only handicap is a waterworks system and this is a possibility in the near future.

Council has accepted the report of Collins Wright, engineer, Dayton, who has given in detail the needs for a system that will meet the approval of the State Board of Health and also the Fire Insurance Rate and Inspection Bureau that makes all rates for insurance in Ohio. Cedarville was dropped from fifth place last year to ninth in classification for insurance rates. The new rates now going into effect are much higher than any town that has waterworks. In Yellow Springs the rates were reduced from twenty-five to thirty-three and one-third per cent following the installation of a water system.

A Citizens Waterworks Committee has been organized to boost for the installation of a water system. These men are loyal supporters of the plan and the organization is not limited in membership and will be expanded from day to day.

The following is the membership of the committee under the direction of Wm. Conley, chairman; W. W. Gallo-way, W. C. Huff, S. C. Wright, G. A. Shroades, G. E. Masters, Ancil Wright, A. E. Huey, J. Lloyd Confarf, J. Melvin McMillan, Charles E. Smith, G. H. Hartman, C. N. Stuckey, I. C. Davis, and Karl Bull, Secretary.

## May Contest New School District Plan

At a special election held Tuesday in Yellow Springs, the Village school district was abolished and thrown into the Miami township district. The new plan is much the same as adopted some years ago in Cedarville. The vote was 232 to 42.

The town and township have been operating separate school districts. To eliminate extra costs the town board has gone out of existence.

It is also hinted there has been friction between the two boards. At present there is only one teacher employed for the joint school, which now passes to the township.

There is said to be opposition to the union in Miami township and report reached here Wednesday that the election will be contested. The combined plan has operated not only profitably in Cedarville township but has given perfect satisfaction to the school patrons.

## Mt. Sterling Bank Is To Open Today

A new bank opens in Mt. Sterling today, Friday, with a capital of \$25,000, surplus of \$5,000 and undivided profit of \$2,500. R. C. Weber of Clouster, Ohio, is president and acting cashier. The old First-Citizens National Bank was closed on May 19, 1928 and was closed out by the banking department.

## AIRPLANE CRASHES IN DROP NEAR JAMESTOWN

Elijah Bragg, 19, pilot and Loyd McCollough, 27, a passenger were bruised Tuesday evening when their plane crashed. They had made the trip from Springfield and were attempting to leave when the plane nosed into a fence. Bragg has been taking a flying course in Springfield but had not been licensed. McCollough was inexperienced. The plane was badly damaged and the gasoline tank burst spraying gas over the plane but it did not ignite.

## THE JUNIOR FAIR

The Junior Fair offers to all juvenile groups and organizations, and boys and girls as individuals a place for determining standards and develops leadership. This group was first organized at Ashley, Ohio, in 1925, and the Junior Fair Movement is now spreading over Ohio and mid-Western states. "The Ohio State Junior Fair" initiated this year, is the first state wide junior fair in the United States.

Says Sam: Even if we saw our selves as others see us, we'd think it was some other fellow.

Entered at the Post Office, Cedarville, Ohio, October 31, 1887, as second class matter.

FRIDAY, JULY 12, 1929

## WE ARE MOVING INTO A NEW SPHERE OF TRAVEL

The past few days have witnessed some marvelous changes in transportation and airplane endurance tests. Added to these new lines have been started by air for European countries, one of which is now known to have been successful.

A combination air and rail service has been inaugurated reaching from coast to coast by the Pennsylvania lines. Everything is moving faster today than yesterday and probably will continue to do so for some years to come. What was regarded almost an impossibility a year or so ago is now an established fact proving that we will yet see many more changes not only in our method of transportation but in everything else. The airplane is to revolutionize travel just as certain as has the motor car.

## GOING THE LIMIT ON TAXATION

The happy-go-lucky motorist may have some of the joy of life taken out of him if he travels in Florida or should happen to reside in that state. Florida has taken a leaf from Ohio's legislative experience in that you can add gasoline tax for anything you want from graft for the politicians in sale of road materials and machinery to attracting large donations for campaign purposes.

Florida has a gasoline tax and under a law just passed recently it is now six cents a gallon. It is to be regretted that both Ohio as well as the Florida legislatures did not make the tax ten cents a gallon to give motorists a real thrill. Instead the tax hounds know how to administer a soothing dose and edge up the tax year by year rather than giving it all at one dose. The new law in Florida makes the gas tax available for school support as well as improved roads.

As we are approaching the day of old age pensions, pensions for civil service government employees, and state and federal aid for this and that, we suggest that it all be put on the motorist. The sooner the tax is made unbearable the sooner a sensible view of things will be taken.

## UNCLE JOHN REACHES NINETY YEARS

John D. Rockefeller has passed ninetieth birthday and is yet enjoying good health. He finds enjoyment in keeping in daily touch with his enormous business interests. At sixty he was in poor health but a daily program for labor, rest and recreation was mapped out for him and he has now reached an age far beyond what these of the present generation probably can hope to see.

The Standard Oil magnet is one of the outstanding citizens in the country and his rise in the commercial world will always be a mark in history when finance, manufacturing and distribution are discussed in the future. Having gained a fortune that at one time reached a billion dollars he had set a new mark in a country that was free to look with suspicion upon such a feat.

What was in Rockefeller's mind Monday one could hardly venture a guess. Had he taken a retrospect of his life and business experiences he probably went back to the day when his company was given a \$29,000,000 fine for restraining trade. Of course the fine was never paid and the judge that assessed it never expected it to be paid but it gave the judge a lot of publicity as a jurist. However the result was that the Rockefeller companies had to break up in separate units instead of one large corporation. Each unit continued to grow and expand and in a few years several of them were as large as the original company.

There must be a touch of humor when John D. now looks back on those eventful days when to be big was to be fined in court. Today he can rest in his easy chair and witness combinations of companies where millions are involved and the public gives approval because the war put us on a higher lever of doing big things in a big way. The anti-trust law may be on the statute books but it is much out of place and it is seldom we hear it mentioned.

Another feature of Rockefeller's life has been his public and private benefactions and the joy to him of having given more than five hundred million dollars to charity and public institutions. The Rockefeller foundation is without question one of the greatest institutions to be found in any country. The oil magnet has done much for his country in developing the oil industry and through his liberal generosity in behalf of the public. His reward for his life work is that he has lived a long life of usefulness to himself and to his fellowmen and that he yet enjoys good health.

## MINISTER TAKES BISHOP TO TASK

It is no uncommon thing when a minister makes a misstep that we find much comment in the public press. There are two reasons no doubt for reporting such news. One is that it is very unusual for men in the ministry to "go wrong," using a street expression. Another is that when a minister does commit an act that attracts court or public attention, it is regarded as good news. It is much like the story of the dog that bit a man which is nowadays regarded of little news value but let a man bite a dog and such an event is first page news due to the fact that it would be an unusual happening.

Several days ago a "bucket-shop" in New York city was closed by the government and the proprietors indicted in Federal court for using the mails to defraud. The "bucket-shop" is an illegal stock gambling institution that bobs up everywhere and then much like lottery projects. When the government opened the "bucket-shop" books it was found that Bishop Cannon of the Southern Methodist church had been a late customer and had invested in stock speculations. The exposure stirred church circles and was looked upon with much glee by the wet interests as the Bishop had been very active in behalf of the prohibition cause.

Of course there can be no justification of the Bishop's act in taking a fling in the field of gambling. It cannot be said he did not know the difference between a "bucket-shop" and a legitimate brokerage house for his speculations covered a period of months. The manner in which a "bucket-shop" is conducted should have aroused his suspicion had he not known the difference. Regular brokerage houses do not buy and sell margins in the stock market.

In some quarters there is a tendency to defend the Bishop but such an attempt will get no place. It would be better to extend sympathy for his indulgence in an illegal practice. The Rev. John Thompson, prominent Methodist minister in Chicago, in a recent sermon rebukes the Bishop declaring that he has brought reproach on his church and the prohibition cause in which he has been so active.

It is becoming more and more certain that the gambling evil cannot be checked as long as we recognize Wall street speculation as a just business venture. There is little room to criticize other forms of gambling and yet permit millions of people to gamble on stocks and bonds as is done daily in this and other countries.

Res. Address  
Monroe St., Xenia, Ohio

## Legal Phrase

The word "novation" is from the Latin word meaning "new," and its use in legal phraseology means a substitution of a new obligation, indebtedness, creditor, etc., for an existing one.

## Almost Forgotten Name

Alma is an archaic name for Germany, derived probably from the French name for the country, "Alle-magne."

## Vinegar Without Alcohol

The bureau of chemistry says that while there may be a very little alcohol left in vinegar, it is almost always entirely used up by the acetic fermentation which takes place.

## Gulf Stream Rapid

The volume flow of the Gulf stream, according to a calculation made near Florida, is 20,000,000,000 tons an hour.

## How "Fly-Leaf" Originated

A fly-leaf is a blank leaf at the beginning or end of a book. It was suggested by an old noun, "fly," which means something attached along the edge only.

## Advantage in "Tosing In"

People who walk with the feet straight, like the American Indian, take about 20 per cent fewer steps than those who "toss out."

# WREN'S JULY SALES

SPRINGFIELD, OHIO

July at Wren's is a month of action! In order to make way for the big things we are planning for fall, we are featuring a clearance of seasonable mid-summer merchandise, represented in every department of the store. Listed here are only a few "highlights" of the multitude of dominant values you will find during this sale.

**\$15, \$18, \$25 Print, Plain Silk Dresses \$11.95**

## KONJOLA WENT TO SOURCE OF TWO AILMENTS

Relates How Master Medicine Relieved Her of Stomach and Liver Trouble

MRS. ANN SNURR

"For a long time I had no end of trouble with my stomach and liver," said Mrs. Ann Snurr, 1211 Girard Street, Toledo, Ohio. "My stomach was in a very acrid and inflamed state. Everything I ate caused gas to form in large quantities. Due to sluggish liver I was subject to bilious spells, dizziness and nausea.

"Before more than two weeks of treatment were up, my digestion was restored and I could eat without the gas bloating and belching. My liver is functioning perfectly and all bilious and dizzy attacks are ended. Konjola beats any medicine or all the medicines that I ever heard of or tried."

Konjola is sold in Cedarville, Ohio at Prowant & Brown drug store and by all the best druggists throughout this entire section.

## Fewer Pigs In Corn Belt—Less Sausage

Government Survey Shows Drop In 1929 Crop—Ohio Saves More Per Litter

Sausage with buckwheat cakes may be served less frequently for breakfast next winter, with 4,300,000 fewer pigs in this year's crop. These figures, just obtained by the United States Department of Agriculture in a pig survey conducted through the post-office department and rural mail carriers, show that the pig crop this spring will be the smallest in the corn belt since 1925.

"This decrease is due to the fact that 9.7 per cent fewer sows were bred last year, because of the slump in prices," explains C. R. Arnold, farm management specialist at the Ohio State University. "Farmers are coming to realize, however, that more pigs raised per sow means an increase in profits without any larger expenditure. This is shown in the fact that more pigs were raised per litter this year."

"The United States as a whole, including the corn belt states, reports an average of 5.7 pigs to the litter, as against 5.9 last year. In Ohio the average is 6.7, as compared to 6.1 a year ago, the report shows. The one state outdoing Ohio's average is Michigan, with 6.8 pigs raised to the litter." This increase of .6 pigs per sow in Ohio over last year, Arnold points out, means an additional 300,000 hog; for Ohio farmers to market next fall, and this helps to reduce the shortage.

Better weather conditions this spring than in 1928 have been a contributing factor to this increase in the number of pigs raised per litter.

## Humanity's Odd Trait

The world is full of faint hearts, and yet everyone has courage enough to hear the misfortunes and wisdom enough to manage the affairs of his neighbors.—Poor Richard.

## Harvesting Second Timber Crop Now

**Sunfish Hills In Pike County  
Scene of Lumbering Drive  
Like Those of Old Time**

For the second time in less than three decades, a profitable crop of timber is being harvested from the Sunfish Hills in Pike County south-eastern Ohio. One of the largest log yards operating in Ohio for many years, has been established at Latham, where the Breese Lumber Company has installed a sawmill and is producing 100,000 board feet of lumber each week, for use in rotary veneer work at Portsmouth.

About 20 years ago the last big lot of oak, poplar, and chestnut was cut out of this region, reports F. W. Dean, extension forester for the Ohio State University here. At that time it was assumed that the lumber business in that section of the state was finished. But a crop of young oak, chestnut, hickory, and tulip poplar was left when the first crop was harvested. Wagons and trucks by the score are now delivering the logs from this second cutting, to the mill, from woodlots within a range of 15 or 20 miles.

"These logs are small, averaging 12 to 16 inches in diameter, but they have market value and their harvesting is affording employment to people who are dependent upon the woodlands," says Dean. "The logs are coming from territory which was not burned over after the original stand of trees had been harvested. The plant is a fine demonstration of the value of protecting young, growing timber from forest fires, and thinking of it as a growing crop."

## NOTICE OF APPOINTMENT

Estate of Francis E. Tobias, Deceased.

Mary B. Tobias has been appointed and qualified as Executor of the estate of Francis E. Tobias, late of Greene County, Ohio, deceased.

Dated this 14th day of June, A. D. 1929.

S. C. WRIGHT,  
Probate Judge of said County

Approximately 50 million pounds of the 1928 wool clip was marketed through farmer-controlled cooperative associations

## Liberty and Spuds At the Same Price

**Eternal Vigilance For Both  
Or Either—Bugs Always  
Bid For Potatoes**

Eternal vigilance is the price, not only of liberty, but of potatoes. What ever may be the attitude of the buyers on the potato market, bugs and insects are always ready and willing to bid for the potato crop. Early, frequent, and persistent spraying is about the best answer to them, according to Dr. A. L. Pierstorff, extension plant pathologist for the Ohio State University here.

"The first spray should be applied as soon as the potatoes are up or as soon as insects are found on them," says Dr. Pierstorff. "As much pressure as can be applied, up to 400 pounds, is desirable. Bordeaux mixture is the proper material, with two pounds of arsenate of lead for each 50 gallons of spray material."

"Growers should spray their potatoes at least every 10 days during the early part of the season, and every week during the latter part of July, and in August. Late potatoes need from eight to 10 applications. Some growers find it profitable to apply as many as 13."

Small holes in potato leaves are caused by a black bug called a flea beetle, which lives and feeds on the under side of the leaves. To reach the flea beetles with the spray it is necessary to adjust the nozzle to throw spray from the side and below the top of the plant.

Binder twine for your wheat and oats crop. Place your order now at McCampbell's Exchange.

## Banking Terms

## Mother's Cook Book

I am glad to think  
I am not bound to make the world  
go right.  
But only to discover and to do,  
With cheerful heart, the work that  
God appoints.  
—Ingelow.

## FOR THE FAMILY TABLE

IS THERE anything that tastes better for breakfast than a baked mackerel, cooked the way mother used to do it? This fish is obtainable anywhere, either fresh or salt. If salt, soak it a day or longer in water skin side up, changing the water several times. If very salty it may need longer soaking. Place in a baking dish—glass is preferable—a large pie plate will answer for an ordinary-sized mackerel. Cover with a thin cream and place in a hot oven. Bake until the cream is absorbed and the fish is flaky when touched and leaves the bone. Add a dash of pepper and butter if more seasoning is needed and serve garnished with parsley.

**Savory Oysters.**  
Have you any of the paper bags we used to buy for cookery? If so use one for this dish; if not take a piece of parchment paper and in it place two dozen oysters, one-fourth of a cupful of butter, one teaspoonful of salt, a few dashes of cayenne, more of celery salt or a bit of minced celery. Place over hot water in a steamer and cook fifteen minutes. If the bag is used it is sealed, if the paper it will be necessary to tie it or fasten with paper clips. Serve with any well-liked cocktail sauce, or a bit of lemon and Worcestershire.

**Coffee Ice Cream.**  
Put two cupfuls of milk, one-fourth cupful of ground coffee and one-third of a cupful of sugar in a double boiler. When scalded pour over two egg yolks well mixed with one-eighth teaspoonful of salt and two-thirds of a cupful of sugar. Return to a double boiler; stir and cook until a coating is formed on the spoon. Remove from the fire, let stand until cool, strain through a double cheesecloth, add one cupful of heavy cream and freeze. Pack in baking powder boxes, cover with buttered paper and pack in four parts ice and one of salt until serving time. When ready to serve cover with apricot puree, garnish with whipped cream and sprinkle with peach meats.

# HANNAS

## "An Attractive Room with Plain Walls--"

Thus, in THE AMERICAN HOME, writes Ruth Leigh, known to millions of American women.

"I chose wall paint," she continues, "after sad experiences with other types of wall finishes that come off when children wet their fingers and draw on the wall."

## "Liquid Satinoid" Wall Finish has a Satiny Washable Texture

Made by Hannas, paint makers with a forty-year reputation for excellence. Choose it in tints or tones to suit any room's color scheme. Satinoid walls can be washed and are easily kept immaculately clean.

There's a Hannas Paint or Finish for Every Purpose

The Cedarville Farmer's Grain Co.

### LOCAL AND PERSONAL

Mr. and Mrs. Daniel Glick and daughter, Leona, were guests of Rev. Gunnet and family recently.

Last Saturday Mr. and Mrs. W. E. Harvey and Mrs. W. A. Zeigler of Zanesville were callers at the M. E. Parsonage. Mrs. Harvey is assistant principal of the Zanesville Public Schools.

Rev. and Mrs. Gunnet and son, Paul, are at the Lancaster Camp ground setting their cottage in order for the coming season. The meetings begin July 14, and continue to August 11th. Rev. Gunnet will return home Saturday for Sunday services.

FOR SALE—A cheap work horse. Phone 3-122.

Miss Ruth Burns has resigned from the Selma High School. Also as teacher of public school music in the College Normal and will accept the position of director of public school music in the Bellbrook schools.

WANTED—Children taken care of by the hour, day or week in a home licensed by the state. Reasonable terms. Call Cedarville 109. Mrs. Martha Hopkins. (3-4)

Taxpayers should keep in mind that July 20th is the last day for payment of taxes.

The statement of the Exchange Bank will be found on this page. It is in compliance with a request of all banks in Ohio.

Mrs. Margaret Carl of Grape Grove is the guest of friends here this week.

Mr. and Mrs. Harry Owens of Detroit spent several days here the first of the week. They were accompanied home by Mr. and Mrs. W. H. Owens, parents of Mr. Owens.

The Young Married Folks Club enjoyed a picnic at Grinnell's park on the Fourth.

Mrs. G. H. Creswell is spending some time with Mr. and Mrs. Edwin Bradfute in Findlay, Ohio.

Rev. and Mrs. Roy W. Jamieson and two sons have been the guests of his uncle, Rev. R. A. Jamieson and family this week, leaving today for Philadelphia, Pa., Atlantic City and other eastern points. Rev. Mr. Jamieson is pastor of the U. P. Church in Burlington, Iowa, and also is employed as a full time teacher of Bible in the Burlington High School.

Mr. and Mrs. J. E. Kyle had for the week end guests the latter's brother, Mr. O. H. Kyle of Altoona, Pa., and his son-in-law, Rev. James Leitch, Martin Ferry, Ohio. Other guests in the Kyle home were Mr. and Mrs. J. D. Kyle, Xenia; Mr. Carl Kyle and family, Springfield; Miss Agnes Kyle and Rolane Newland of Springfield.

A marriage license has been issued to Ronald E. Shively, Ironton, Ohio, mechanic and Faith Massie, R. R. No. 1, Cedarville.

Thirty members of the Cedarville Presbyterian church surprised Mr. and Mrs. Walter Curry with a picnic supper the evening of July 4th.

Word has been received here that Mrs. Kuehlmann, wife of Prof. Otto Kuehlmann, head of the Science Department in Cedarville College, underwent a very serious operation in the Methodist Hospital in Indianapolis, several days ago. Her condition is reported as very favorable for recovery.

Mrs. Edith Blair and daughter, Mrs. Frank Creswell, have issued invitations to a number of friends for Tuesday afternoon at their home on Xenia avenue.

Mr. Roy Inman, local jeweler, has been ordered to Cincinnati for examination and probably an operation, due to trouble that developed while in the service abroad. He reported Thursday to the Veterans' Bureau in Cincinnati and may be sent to the General Hospital in that city. During his absence his store will be closed. Friends and patrons will keep his absence in mind as to the reason the store is closed temporarily.

A number of baseball fans are trying to interest enough young men about town to organize a soft ball league here. The first game was played on the college campus Tuesday evening. Soft baseball is becoming quite a fad and is a game in which business men can have much recreation outdoors.

Dr. W. E. McChesney, Mrs. Clara Morton and daughter, Jean, and Mr. Wm. Nagley left Saturday for a visit with relatives in Illinois. They were accompanied home this week by Mrs. McChesney and daughter, Frances, who have been spending some time at Lake Geneva, Wis.

Mrs. Nelson Clark of Pittsburgh is visiting at the home of her parents, Mr. and Mrs. A. S. Lewis near Clifton.

Mrs. Charles Coulter left Wednesday for Amarilla, Texas, where Mr. Coulter and son, Robert, have been located for several months.

### CHURCH NOTES

METHODIST EPISCOPAL CHURCH Church School 10 A. M. Lesson title "Ezekiel Teaches Personal Responsibility." Ezekiel 18:1-22; 33:1-20. A splendid attendance last Sunday. Classes for all ages. P. M. Gillian, Supt. Splendid music by orchestra. Morning Worship 11 A. M. Subject "In Christ's Stead." Miss Eleanor Johnson will sing. Those not worshipping elsewhere are cordially invited.

The committees for the Every Member Canvass will meet at the close of service.

### UNITED PRESBYTERIAN CHURCH

Sabbath School 10 A. M. Supt. O. A. Dobbins.

Preaching 11 A. M. Theme: "What is Religion?" Choir practice, Saturday at 8 P. M. Prayer Meeting, Wednesday at 8 P. M.

### Club Holds Meeting

The Pollyanna Sewing Club held their weekly meeting Wednesday afternoon, July 3, at the Library, about twenty-one being present. The roll call was answered by naming the most interesting place you had been. The minutes of the last meeting were read by Jane Thomas. She also gave a report of the market which was held Saturday, June 29 at Thomas' Cream Station. The proceeds were \$10.42. The roll call for next meeting is to be answered by naming your favorite city. Edna Sipe, Jane Thomas and Frances Taylor are on the refreshment committee. A play is being planned to be staged sometime in August. Junia Creswell and Frances Kennon gave overcasting demonstrations. Ruth Kimble and Mary Margaret McMillan gave a demonstration on the alteration of patterns. Rachel and Mary Helen Creswell gave a demonstration on the fitting of patterns. Any of the girls having newspapers to sell please take them to Lillie Thomas.

Mary Katherine, infant daughter, born to Mr. and Mrs. E. L. DeWine, 227 W. State street, Springfield, Monday, died Monday afternoon. The funeral services were held at Yellow Springs Tuesday morning. Mrs. DeWine was formerly Miss Pauline Setz of this place.

Mr. and Mrs. J. S. West entertained a family gathering at their home the Fourth when the latter's father and her brother and sisters and families were present. Those here for the day were: Mr. W. E. Montgomery, and Mrs. Uly of Bethel, Ohio; Mr. and Mrs. J. M. Liggett and family of Ripley; Mr. John Montgomery and family of Dayton; Prof. H. C. Aultman and family of Xenia; Misses Susanna and Ruth West of Toledo, daughters of Mr. and Mrs. West were also their guests. Mr. Montgomery remained here for several days as did Miss Susanna West, who returned to Toledo, Thursday.

### LEGAL NOTICE

Samuel C. Jones, residing at 1401 McCulloch St., Fort Wayne, Indiana; Isaac Jones, residing at 8918 Cameron Ave., Detroit, Michigan; J. W. Butler residing at 1539 1/2 W. 36th St., Los Angeles, California; and William Gay, Chicago, Illinois, whose residence address is unknown, will take notice that on the 27th day of May, 1929, William H. Butler filed his petition in the Court of Common Pleas, Greene County, Ohio, in case No. 18548, against the above named parties and others, praying for partition of the following described real estate:

Situate in the County of Greene, State of Ohio and in the Township of Ross. Being part of Smith Sneed's Survey No. 2066. Beginning at a stone in the Hillsborough Road and in the original line of said Survey No. 2066, corner to Thomas Patterson; thence with said line and Road N. 33 W. 15.97 poles to a

stone; thence N. 56 1/2 E. 20.84 poles to a stone; thence S. 33 E. 15.97 poles to a stone in the line of said Thomas Patterson and from thence with his line S. 56 1/2 W. 20.84 poles to the beginning. Containing 2.8 acres.

Plaintiff prays that partition may be had in the said premises and that his interest in the same may be determined and set off to him in severalty.

Said parties are required to answer on or before the 5th day of August, 1929 or judgment will be taken against them.

WM. MALCOLM ELDER, 505 M. & M. Building, Springfield, Ohio, Attorney for William H. Butler.

FOR SALE—Buckeye Two Row Corn Cultivator. Wilbur Conley.

Raspberry plants wilt when the soil is either too dry or too wet.

Among the local people attending summer school at Wittenberg College are Dr. F. A. Jurkat, Mr. and Mrs. Paul Edwards, Prof. A. J. Hostetter, Miss Ora Hanna. Mr. George Gordon expects to enter the same school next week.

### Million Road Employees

It is estimated that more than 1,000,000 people are employed in road building in the United States.

### Life's Unfairness

"Man wants but little here below" and that little the woman usually gets.—Shoe and Leather Reporter.

The greatest single trouble with a sense of humor is that it is so many times on the inside looking out and refuses to change its point of view.

### Poor Management

When a man is a loose manager he soon finds himself in a tight place.
